The 5-Minute Obstetrics And Gynecology Consult (The 5-Minute Consult Series)

Synopsis

Written by well-known experts, The 5-Minute Obstetrics and Gynecology Consult is a quick, reliable reference guide for any physician or nurse practitioner treating female patients. Using the famous two-page layout and outline format of the 5-Minute Consult series, the book provides instant access to clinically-oriented, must-have information on over 300 obstetric and gynecologic topics. Major sections cover gynecologic signs and symptoms, gynecologic diseases and conditions, women's health and primary care, pregnancy signs and symptoms, pregnancy-related conditions, pregnancy with underlying medical conditions, OB/GYN procedures, and OB/GYN emergencies. A companion Website offers the fully searchable text.

Customer Reviews

The books in the 5-Minute Consult series are excellent office resources that literally provide information on presentation, diagnosis, necessary lab, treatment, followup and referral in a two-page, 5-minute format. Unlike most textbooks, it is arranged alphabetically, not by system. If you know the differentials, it is very easy to access the material.

Excellent!
